

Model 26040 Tuner Six Pack

Screen Size	Number of Displays	Screen Aspect Ratio	Unit Size	Brightness (cd/m ²)	Contrast Ratio	Resolution	Inputs
2.5"	6	4x3	H 3.5" W 19" D 12"	375	160:1	160 (H) x 234 (V) Video Lines	RF Tuner/ Composite

Features:

- Individual channel tuning from front panel or PC interface
- Processes all three cable modes, or off air
- Accommodates up to 135 channel selections
- On screen channel/station ID display
- Multiple password protection
- Proprietary PC software
- Alarm response to loss of video/audio/signal
- On site and remote notification of alarm conditions
- 6 LCD enhanced color displays in 2 RU

Model 26040 Tuner Six Pack

Model 20000 Hot Swappable Video Monitor with Waveform and Vectorscope

Screen Size	Number of Displays	Screen Aspect Ratio	Unit Size	Brightness (cd/m ²)	Contrast Ratio	Resolution	Inputs
2.5"	4 LCD 2 CRT	4x3	H 3.5" W 19" D 18.3"	375	160:1	160 (H) x 234 (V) Video Lines	Composite

Features:

- 6 Hot Swappable Plug-In modules in 2RU
- Any combination of LCD pictures, waveform and vectorscope
- Auto-switchable NTSC/PAL
- Full field or line select of waveform and vectorscope
- Internal/External sync capability
- Optional custom configurations

Model 20000 Hot Swappable Video Monitor with Waveform and Vectorscope

Model 22010 12 Channel Audio Presence Monitor

Features:

- Monitors 6-12 channels full band width audio
- Utilizes curved VU style 10 segment tri-colored LED display
- Adjustable level settings for each display
- Calibrate to any reference from predetermined settings
- Eliminates extraneous signals from affecting audio signal

Model 22010 12 Channel Audio Presence Monitor

Model 22020 12 Channel Dual Speaker Monitor

Features:

- Full range dual audio speakers in 1 RU
- Either dual speakers or headphone monitoring
- Monitors 6 stereo or 12 mono inputs
- Wide frequency range with low distortion
- Loop through functionality
- Operates independently or in conjunction with broad array of video monitors

22020 12 Channel Dual Speaker Monitor

DATA CHECK, the leader in enhanced LCD video monitors offers a full line from 2 1/2" displays to 30" HD/SDI large screen units. Large screen units feature multiple formats including HD, SDI, Composite, Component and ARGB. Each product is distinguished by its ultra-bright, high resolution pictures which can be readily viewed alongside or from a distance. Field replaceable backlights appreciably lengthen useful life of these high quality products.

Data Check's monitors are being used in an extensive variety of applications by broadcast, cable, communications, entertainment and governmental institutions. Noteworthy are CBS, Cisco, Pan Am Satellite, Turner, Viacom, NASA, Sea Launch, PBS, The White House and Disney. These and hundreds of other users rely on Data Check for unrivaled vivid images along with superior customer service and support.

Model 21300 HD-SD Large Screen Video Monitor Model 21305 HD-SDI and SD-SDI Large Screen Video Monitor

Screen Size	Number of Displays	Screen Aspect Ratio	Unit Size	Brightness (cd/m ²)	Contrast Ratio	Resolution	Inputs
30"	1	15x9	H 18.5" W 28" D 3"	550	600:1	1280 (H) x 768 (V) Color Pixels	HD/SD Component • HD-SDI & SD-SDI • S-Video • PC (ARGB) NTSC/PAL

Features:

- Native 720p
- HD formats - 480i, 480p, 720p, 1035i, 1080i, 1080p/24sF
- Multiple computer interfaces
- Displays 4x3 and 16x9 formats
- 176° horizontal & vertical viewing angle
- OSD front panel controls
- Exceptional brightness and contrast
- 5+ years backlight
- Optional desk stand

Model 21305 HD-SDI 30" Monitor

Model 21245 HD-SDI Native Resolution Video Monitor

Screen Size	Number of Displays	Screen Aspect Ratio	Unit Size	Brightness (cd/m ²)	Contrast Ratio	Resolution	Inputs
24"	1	16x9	H 17.5" W 23" D 3"	300	500:1	1920 (H) x 1080 (V) Color Pixels	HD-SDI

Features:

- Native 1080i
- HD formats - 720p, 1080i, 1080p/24, 1080p/24sF
- Dual A & B inputs
- Displays 4x3 and 16x9 formats
- Underscan / Overscan
- 160° horizontal & vertical viewing angle
- OSD front panel controls
- Exceptional brightness and contrast
- 5+ years backlight
- Adjustable safe area overlay

Model 21245 HD-SDI 24" Monitor

Model 21170 Multi-Format HDTV Monitor Model 21175 Multi-Format HD-SDI Monitor

Screen Size	Number of Displays	Screen Aspect Ratio	Unit Size	Brightness (cd/m ²)	Contrast Ratio	Native Resolution	Inputs
17"	1	15x9	H 12.25" W 19" D 5"	550	500:1	1280 (H) x 768 (V) Color Pixels	HD/SD Component HD-SDI • SD-SDI NTSC/PAL • S-Video PC (ARGB)

Features:

- HD formats-480i, 720p, 1080i, 1080, 1080p/24sF
- Bright, exceptionally high contrast picture
- Extensive input modes-NTSC/PAL, S-Video, HD, SDI, VGA, SVGA, XGA, SXGA UXGA
- Display mode for both 16x9 and 4x3 formats
- On screen controls for brightness, contrast, color, tint, display mode
- Anti-reflective tilt screen
- 5+ years LCD backlight

Model 21170 Multi-Format HDTV Monitor

Model 21190 Professional Video Monitor
Model 21195 SDI Professional Video Monitor

Screen Size	Number of Displays	Screen Aspect Ratio	Unit Size	Brightness (cd/m ²)	Contrast Ratio	Resolution	Inputs
19"	1	4x3	H 15.75" W 19" D 5"	350	500:1	1280 (H) x 1024 (V) Color Pixels	NTSC/PAL • SDI S-Video • PC (ARGB)

- Features:**
- High resolution screen in 9 RU with exceptional contrast and field of view
 - Multiple use enhanced 19" LCD video and PC monitor
 - S-Video, SDI and NTSC/PAL
 - 5+ years LCD backlight
 - Display mode for both 16x9 and 4x3 formats
 - OSD controls through front panel for brightness, contrast, color and tint
 - PC computer input (ARGB) compatible with VGA, SVGA, XGA, and SXGA
 - Optional quad splitter with sequential switcher
 - Anti-reflective tilt screen

Model 21190 Professional 19" Monitor

Model 22060 Dual 6.4" - Composite
Model 22065 Dual 6.4: - SDI/Composite

Screen Size	Number of Displays	Screen Aspect Ratio	Unit Size	Brightness (cd/m ²)	Contrast Ratio	Resolution	Inputs
6.4"	2	4x3	H 7" W 19" D 5.5"	300	150:1	320 (H) x 234 (V) Video Lines	Composite SDI/Composite

- Features:**
- Specially priced dual monitor
 - Two 6.4" LCD color displays in 4 RU
 - Remarkable clear, bright pictures
 - Excellent horizontal viewing angle
 - Adjustable verticle tilt
 - Auto-switchable NTSC/PAL
 - Front panel controls
 - Superior energy savings
 - Internal power supply 115/230 VAC input

Model 22065 Two Pack-SDI/Composite

Model 21190-WVA Video Monitor

Screen Size	Number of Displays	Screen Aspect Ratio	Unit Size	Brightness (cd/m ²)	Contrast Ratio	Resolution	Inputs
19"	1	4x3	H 15.75" W 19" D 5.5"	350	500:1	1280 (H) x 1024 (V) Color Pixels	NTSC/PAL • S-Video PC (ARGB)

- Features:**
- Waveform, vectorscope & audio level measurement
 - S Video & composite NTSC/PAL
 - Computer VGA with scaling for multiple formats
 - Displays 4x3 and 16x9 aspect ratios
 - Adjustable vertical tilt
 - 5+ years backlight
 - Optional quad splitter and PIP
 - Front panel OSD

Model 21190 WVA Professional 19" Monitor

Model 23010 Three Pack-Composite
Model 23015-Three Pack-SDI/Composite

Screen Size	Number of Displays	Screen Aspect Ratio	Unit Size	Brightness (cd/m ²)	Contrast Ratio	Resolution	Inputs
5"	3	4x3	H 5.25" W 19" D 5"	450	350:1	320 (H) x 234 (V) Video Lines	Composite SDI/Comp.

- Features:**
- Three five inch enhanced color displays in 3RU
 - Bright, clear, exceptionally sharp pictures
 - Remarkably broad viewing angle
 - Field replaceable backlights
 - Internal/External sync capability
 - Adjustable vertical tilt
 - Front panel controls
 - Auto-switchable NTSC/PAL
 - Rugged durable construction
 - Superior energy savings

Model 23015-Three Pack-SDI/Composite

Model 21150 Hi-Brite Monitor

Screen Size	Number of Displays	Screen Aspect Ratio	Unit Size	Brightness (cd/m ²)	Contrast Ratio	Resolution	Inputs
15"	1	4x3	H 14.4" W 14.5" D 2.5"	1800	350:1	1280 (H) x 1024 (V) Color Pixels	Composite SDI/Composite S-Video

- Features:**
- Extremely high luminance viewable in outside light (1800 cd/m²)
 - Desktop or rack mountable
 - 120 x 120 degree viewing angle
 - 2+ years LCD backlight
 - Front panel controls
 - High speed response time
 - Anti-reflective screen
 - Optional audio input and output

Model 21150 Hi-Brite Monitor

Model 24010 Four Pack-Composite
Model 24015 Four Pack - SDI/Composite

Screen Size	Number of Displays	Screen Aspect Ratio	Unit Size	Brightness (cd/m ²)	Contrast Ratio	Resolution	Inputs
4"	4	4x3	H 5.25" W 19" D 5"	350	250:1	160 (H) x 234 (V) Video Lines	Composite SDI/Composite

- Features:**
- Plug and play replacement for Sony TM PVM-4B1U Monitor
 - Four enhanced color displays in 3 RU
 - Well built, attractive package
 - Anti-reflective surface reduces glare for improved viewing
 - Low power consumption yields impressive energy savings
 - Internal/External sync capability

Model 24015 -Four Pack - SDI/Composite

Model 22080 Two Pack-Composite
Model 22085 Two Pack-SDI/Composite

Screen Size	Number of Displays	Screen Aspect Ratio	Unit Size	Brightness (cd/m ²)	Contrast Ratio	Resolution	Inputs
8.4"	2	4x3	H 7" W 19" D 5"	400	500:1	640 (H) x 480 (V) Color Pixels	Composite SDI/Composite

- Features:**
- Two 8.4" LCD displays in 4 RU
 - Exceptionally bright, sharp pictures
 - Wide horizontal viewing angle
 - Multiple formats of 4x3 and 16x9
 - Variety of computer inputs-VGA, SVGA, XGA and SXGA
 - Bluefield and Color Kill
 - Adjustable verticle tilt
 - 5+ years field replacable backlight
 - Extensive video input modes-NTSC/PAL, S-Video, SDI, RGB
 - On screen controls for brightness, contrast, color temperature, and tracking
 - Three color tally lights
 - Anti-reflective tilt screen

Model 22085 Two Pack-SDI/Composite

Model 26010 Six Pack-Composite
Model 26015-SDI/Composite

Screen Size	Number of Displays	Screen Aspect Ratio	Unit Size	Brightness (cd/m ²)	Contrast Ratio	Resolution	Inputs
2.5"	6	4x3	H 3.5" W 19" D 12"	375	160:1	160 (H) x 234 (V) Video Lines	Composite SDI/Comp.

- Features:**
- 6 LCD enhanced color displays in 2 RU
 - Exceptionally bright, sharp pictures
 - Field replaceable 2 watt backlight
 - NTSC/PAL auto-switchable
 - Adjustable vertical tilt
 - Individual front panel controls
 - Blue field/color kill front panel control
 - Superior energy savings

Model 26015 -SDI/Composite
